DOCKET NUMBER 5199-13

- NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation Docket Number 5199-13 on October 14, 2013 to FMC Corporation (FMC). The NOV alleged that FMC had an unpermitted discharge of production water to a water of the state. This is a violation of the Wyoming Water Quality Rules and Regulations (WWQRR).

The Settlement Agreement for Notice of Violation #5199-13 required FMC to submit payment of \$7,400 for the violation and a written response describing the corrective actions implemented for future violations of this type. Based on reviewed information submitted by FMC and payment of the penalty FMC has complied with the conditions of the Settlement Agreement for Docket Number 5199-13 and the DEQ finds that all terms have been satisfied.

The DEQ looks forward to working with FMC in a proactive manner and is available for future meetings to discuss compliance issues or concerns regarding WYPDES permit requirements.

Dated this 7th day of April, 2014.
